Some Prospects that He Will Again Be Called to Answer for Attempting

George Berdeen is today walking the streets of Lincoln a free man despite the charges of insanity and shooting with intent to kill which have been filed against him. The manner in which he has managed his case has impressed many with the idea that he is far from being insane. He was bound over to the district court on the charge of shooting with intent to kill, but the charge was nolled by the county attorney on recommendation of the members of the board of insanity, as, after an examination, he was adjudged insane. He was taken to the asylum. but an application for his release was made out and habeas corpus proceedings begun in

Judge Wertzburg was busy all yesterday afternoon and this morning with the case, and during the hearing of the testimony this forenoon the evidence of some of the officials of the asylum was to the effect that Berdeen was not in any way mentally affected, while the testimony of several friends told of very curious action on his part. The judge asked Superintendent Hay that if he was sure that the man was not insane why it was that he was not released. The case was postponed until this afternoon, but just before the trial commenced the superintendent sent Clerk Baker an order of release of Berdeen, so the county judge could do nothing but declare the case then on trial in his

The county attorney says he does not quite know what he will do about the criminal charge against Berdeen. He was arrested on a complaint and no information has been filed against him and he thinks that the question of his sanity will be brought up again if the charge is reinstated. He says that his life has not been put in Jeopardy as he only had a hearing before a justice o At a meeting of the Lincoln Labor club.

Whereas, The strike of the Pullman employes, inaugurated some weeks since, has developed into a gigantic contest between the laboring population and the millionaire corporations; and

Whereas, The president of the United-States and the corporation attorney general have seen fit to bring to bear the millitary arm of the government in behalf of the corporations; therefore,

Resolved, That we extend to the striking employes of Pullman, who have been driven to the point of desperation, by the diabolical greed of the corporation, and to the American Railway union, which has railied so manfully to their assistance, our heartfelt sympathy.

Resolved, That we deem the action of the president in calling out the regular army as uncalled for and unnecessary, and that we unite with the A. R. U. and the laboring people in requesting the president to withdraw the troops now located at Chicago.

An interesting suit was begun in the district court today by the filing of a petition in which the state is plaintiff against the mayor and city council of College View, a suburb of Lincoln, where Union college is situated. The suit is instituted by Charles Hammond, who avers that the county attorney would not prosecute it. His petition alleges that he is the owner of forty acres of land in the so-called College View, on which corporation taxes to the amount of \$15 have been levied. He contends that the city has never been incorporated and that the municipal officers are fraudulently pass-ing ordinances and levying taxes. He says that 2,240 acres of land belonging to other parties have likewise been fraudulently assessed. He asks the court to intervene and declare that the levy of \$15 against his prop-
